COMPANY PROFILE

Your Trusted Partner in Art Materials & Creative Solutions

Established in 2010 and headquartered in Shanghai, Shanghai Haobin Stationery & Art Material Co., Ltd. specializes in art material development, manufacturing coordination, and international supply chain solutions.

Through our H&B brand and OEM/ODM services, we support brand owners, importers, distributors, and retailers worldwide with product development, private label customization, and bulk sourcing solutions.

Our product portfolio covers colored pencils, professional sketching supplies, acrylic markers, paints, brushes, and creative art kits.

From initial concepts and product specifications to color assortments, custom packaging, sampling, quality control, and delivery coordination, we work closely with manufacturing partners to bring customer ideas to market.

Whether developing a new private label collection, expanding an existing product range, or sourcing multiple art supply categories, we focus on flexible solutions, consistent quality, and long-term partnerships.

H&B ART - Art Changes Life

QUALITY & RESPONSIBLE SOURCING

Project-specific materials, quality coordination and documentation

01 MATERIAL OPTIONS

We source materials and packaging based on agreed product specifications. Responsibly sourced wood options may be arranged with qualified partners, subject to product scope, availability and supporting documentation.

02 PRODUCTION COORDINATION

We coordinate sample approval, production schedules and order updates with manufacturing partners for individual art materials and mixed sets.

03 QUALITY CHECKPOINTS

Checks may include incoming-material review, in-process inspections and pre-shipment verification, as agreed for each project.

04 CUSTOM PACKAGING

Private label graphics, gift sets, retail boxes and custom assortments can be developed according to product feasibility and order requirements.

DOCUMENTATION BY PRODUCT / ORDER

Product-specific certificates, material records and test reports can be provided where applicable.

Compliance and certification scope must be verified for the selected SKU, factory and destination market.

H&B works with qualified manufacturing partners; factory capabilities vary by project.

SKETCH PENCILS

H & B®
Art Changes Life

PENCILS

- Graphite pencils for sketching
- Untreated natural wood
- 175 mm length
- Basswood
- Lead core φ3.0mm-φ4.0mm

- High quality allrounder for different styles of painting and drawing.
- wide range of degrees
- Automated production, production strictly in accordance with design specifications.

Sketch Pencil

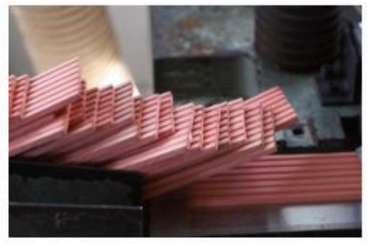

Charcoal Pencils

Matt Graphite Pencil

Production process

From raw material until finished product – regionally produced and within short distances.

Lime wood

- Is the original kind of wood used within the pencil industry
- Has ideal sharpening properties
- Is used completely untreated
- Originates from certified and sustainable forests

Home grown and processed

- Climate friendly: wood from short distances
- From home grown and sustainably operated forests
- Processed by local sawmills
- Grow in ecologically valuable mixed forests
- Manufactured and printed by H&B

H & B®

COLORED PENCIL

H & B®
Art Changes Life

OIL-BASED COLORED PENCILS

- Colored pencils for creative work
- Untreated natural wood
- 175 mm length
- Lime wood
- Lead core φ3.0mm
- Bright colors and clear lines.
- The colors are vibrant and bright, and the color mixing effect is excellent.
- It has better lightfastness and water resistance, and is less prone to fading and discoloration.
- The painting process is smooth and fluid, allowing for easy color application and strong coverage and adhesion.

Sustainably Sourced Wood Production process

From raw material until finished product – regionally produced and within short distances.

Art-grade pencil leads, vibrant and bright colors
Layering colors naturally creates a realistic texture

WATERCOLOR PENCIL

Wide Range Of Uses
Paint With Water – Ink Wash Effect

H & B®
Art Changes Life

WATERCOLOR PENCIL

WATERCOLOR

Break-resistant · φ3mm · Easy to sharpen · Watercolor · Brilliant colors · Artist quality

Poplar pen barrel

- Is the original kind of wood used within the pencil industry
- Has ideal sharpening properties
- Is used completely untreated
- Originates from certified and sustainable forests

Dry and wet use

- Dry painting produces detailed textures with distinct layers and strong coverage. It is easy to layer colors and the transitions are natural.
- After blending, the colors become soft and have a strong gradient effect, creating a rich sense of depth.
- Wide range of applications.

BLACK EDITION

Oil-based Colored Pencils

H & B®
Art Changes Life

BLACK EDITION COLOR PENCIL

- Colored pencils for creative work
- Untreated natural wood
- 175 mm length
- Black wood pen barrel
- Lead core φ3.3mm
- Bright colors and clear lines.
- The colors are vibrant and bright, and the color mixing effect is excellent.
- It has better lightfastness and water resistance, and is less prone to fading and discoloration.
- The painting process is smooth and fluid, allowing for easy color application and strong coverage and adhesion.

Black Edition Color Pencil

Brilliant colors | Break-resistant | Easy to sharpen | φ3.3mm | Artist quality

The ebony colored pencils have soft leads, vibrant colors, even coloring, and strong coverage.
They bring out the colors even more when drawing on black cardstock.
These are high-grade professional drawing pencils for black cardstock,
printed with a ebony-dyed finish.

PIGMENT

Acrylic Paint
Watercolor Paint・Oil Paint

H & B®
Art Changes Life

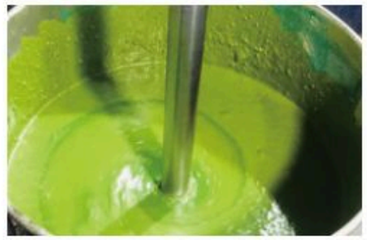

PIGMENT

- Water-based acrylic inks can be used for painting on a variety of surfaces.
- High-concentration pigments, vibrant colors, quick-drying and waterproof, high lightfastness and strong coverage, easy to layer.
- Waterproof and colorfast, the pigments will not cause cracking, clumping, or color fading.
- Wide range of applications: paper of different colors, canvas, glass, ceramics, plastics, fabrics, stone, wood, etc.
- It has better lightfastness and water resistance, and is less prone to fading and discoloration.
- The painting process is smooth and fluid, allowing for easy color application and strong coverage and adhesion.
